## Teens bust over cellphone porn

**SIX Mitchells Plain teenagers have been arrested for allegedly producing and distributing child pornography using cellphones, Cape Town police said yesterday.**

Senior Superintendent Billy Jones said some of the boys, aged between 16 and 18, were arrested on Tuesday night and others yesterday at their homes in Belhar and Mitchells Plain.

This followed an investigation launched early last month. The boys are expected to appear in the Bellville Magistrate's Court today. — *Sapa*
